

Request for PACT Arts Activity Grant

PACT (Prescott Arts Commitment Team) was formed in 2015. Our mission is to promote the arts in Prescott to further enhance and encourage a balanced life in our community. We strive to promote community arts and citizen involvement by providing a variety of venues for all types of artistic talents and skills. We wish to support arts programming for the students of the Prescott School District as well as for all citizens in the community. We hope that our efforts will highlight local artistic talents and encourage the enjoyment and appreciation of the arts.

In keeping with our mission, we have budgeted for small monetary grants to help fund arts activities. Community or school organizations or groups may apply for a grant using this form. We must receive your request at least one month prior to the date when you need the money. PACT reserves the right to refuse any request. You will be notified if your request is granted.

The name of your organization _____

Contact name _____ Phone _____

Contact email _____

Date of your activity _____

The amount of your request \$ _____

Please describe your activity and how the funds would be used. _____

If other help is needed (such as people to work an event, etc.) please describe your specific needs, including length of time, skills required, etc.
